

I am writing as a listener and supporter of K-LOVE radio. I hear K-LOVE on FM 105.5 out of Brockport. I enjoy all kinds of music, but especially the positive and encouraging messages that come from the music on K-LOVE. Music is a powerful medium and I know that the music on K-LOVE has a positive effect on it's listeners in the Rochester area. With so many radio stations playing pop, hip-hop, rock and country formats, it is refreshing to have an alternative to listen too. Please keep K-LOVE on it's FM Translator service and do not replace it with Low Power FM (LPFM) ... Thank you.
